

# Stop emailing PDFs. Start sending a portal.

A branded portal for every client group, carrier links, enrollment, documents, at a flat rate that doesn't punish you for growing.

TODAY YOU'RE DOING THIS

**Links live in email.** Employees ping HR for the same URL weekly.

**Generic, unbranded portals.** Clients ask why it doesn't look like them.

**No engagement data.** Nothing to bring to a renewal meeting.

→ **IBENEFITS FIXES ALL THREE.**

## What you get, out of the box.

 <p><b>Their logo. Their colors. Their subdomain.</b> Upload a logo, pick the colors, receive a custom link. Every client portal looks like theirs.</p>	 <p><b>Everything in one place.</b> Carrier links, enrollment portals, plan docs, and announcements, organized and searchable.</p>	 <p><b>Prove engagement at renewal.</b> See who's visiting, which carriers get clicks, which docs get opened.</p>	 <p><b>No devs. Mobile-ready.</b> Launch a client portal in under ten minutes. Built for operations, not engineers.</p>
